

TEST TOWER

VISITOR REGULATIONS

For visitors to the TK Elevator test tower, Berner Feld 60,
78628 Rottweil

Welcome to the TK Elevator test tower in Rottweil!

The entire test tower team wishes you lots of fun and enjoyment during your visit to the TK Elevator test tower, Europe's highest test tower for elevators with Germany's highest viewing platform.

By entering the test tower site, you agree to the validity of these test tower regulations.

We ask that you always act with consideration for other guests and with caution during your stay with us. The following rules apply to your stay around the test tower in the enclosed area, in the visitor and media lobby of the test tower and on the viewing platform (hereinafter referred to collectively as the "test tower site"):

1. Parking

- In the vicinity of the test tower site on the Berner Feld, external companies offer various parking facilities that can be used. The rules and signs of the road traffic regulations (StVO) as well as the information and instructions of the respective operator apply there. Please understand that we, as the operator of the test tower, are not responsible for these parking facilities and cannot accept any responsibility for them.

2. Access and entry authorization

- Access to the test tower site is only permitted within the fenced area and on the marked paths. Barriers, fences and walls may not be crossed.
- Access to and use of the visitor and media lobby and the viewing platform is possible during the current opening hours, which are published on our website testturm.de and displayed in the test tower.
- Access to the viewing platform is only permitted with a valid admission ticket. The admission ticket is valid for the booked period and entitles the holder to one admission. Admission tickets can be purchased online at testturm.de and at the box office in the visitor lobby of the test tower. The admission ticket must be kept for the entire duration of the visit and presented at the request of our staff or security personnel.

3. Duty of supervision, visitors with wheelchairs or walking aids, state of health

- Children under the age of 14 may only enter the test tower if accompanied by an adult. The accompanying person is responsible for supervising the children.

- Visitors with wheelchairs or walkers who wish to visit the viewing platform should report directly to security on arrival at the test tower and then at the ticket office. For safety reasons, a maximum of 3 wheelchair and/or walker users including accompanying person can be on the viewing platform at the same time.
- Visitors must have a head for heights and no fear of heights to ride the panoramic elevator at a speed of 8 meters/second and visit the viewing platform at a height of 232 meters. Before visiting the viewing platform, visitors must check their own state of health and clarify any personally known risks with their doctor in advance.

4. Prohibited items, taking animals with you, consumption of food and drink

- The carrying of weapons and other dangerous objects (such as knives, baseball bats, iron bars, stun guns, pepper spray, glass bottles, brass knuckles, syringes, needles, scissors, etc.) is prohibited on the entire test tower site.
- The carrying and operation of drones and other remote-controlled devices is also not permitted on the entire test tower site.
- Suitcases, backpacks and handbags (each larger than LxWxH 25cm x 15cm x 20cm), umbrellas, baby carriages and noise-generating objects (such as musical instruments, sound blasters, radios, vuvuzelas, etc.) may not be taken onto the viewing platform. These can be left in the checkroom in the visitor lobby free of charge, subject to availability. Cell phones must be set to silent mode.
- Animals may not be taken onto the test tower site.
- It is not permitted to consume food and drinks you have brought with you on the viewing platform.

5. Alcohol and smoking ban

- Alcohol consumption is prohibited on the entire test tower site.
- Smoking is prohibited in the test tower and on the viewing platform. The ashtrays set up in front of the visitor entrance are to be used on the outdoor area.

6. General safety regulations and visitor controls

- The instructions of employees and the security service must be followed at all times.
- Every visitor who enters the test tower site agrees to undergo a possible check by the test tower security service. The instructions of the security service must be followed at all times, otherwise access or further stay will be denied. The security service is entitled to refuse access to the test tower site or the viewing platform or to refuse further access to persons who are under the influence of alcohol or drugs, who pose any other safety risk or who violate the provisions of these test tower regulations.

7. Early closure of the viewing platform, poor visibility

- We are entitled to close the entire test tower or just the viewing platform prematurely due to technical problems, weather conditions or other safety reasons. Insofar as we are not responsible for the reasons for premature closure due to intent or gross negligence, there is no right to compensation.
- If it is not possible to visit the viewing platform at all with an already purchased admission ticket due to early closure, the visitor will receive a credit note which can be redeemed for a new admission ticket for a different period.

- In the event of poor visibility, there is no entitlement to a full or partial refund of the admission price or to compensation.

8. Advertising and offering goods and services

- Advertising on the test tower site and the offering of goods and services is prohibited. This also applies to the conducting of opinion polls and counts.

9. Video surveillance, filming and photography

- The test tower is under video surveillance. The surveillance is for the safety of visitors and employees and to protect the facilities and equipment.
- Photography and filming for private purposes are permitted on the test tower site, provided that other guests are not disturbed or disturbed.
- Photography and filming for commercial or business purposes are only permitted with our prior written consent. Please contact TK Elevator GmbH's Corporate Communications department in advance. Please use the contact form on testturm.de.

10. Limitations of liability

- We shall only be liable for damages if these are based on a breach of a material contractual obligation or on intentional or grossly negligent conduct by us, our legal representatives or vicarious agents. If a material contractual obligation is breached due to slight negligence, our liability shall be limited to the foreseeable damage typical of the contract. An essential contractual obligation exists in the case of obligations, the fulfillment of which makes the proper execution of the contract possible in the first place or on the observance of which the visitor has relied and was entitled to rely. Any further liability for damages is excluded. Liability for culpable injury to life, limb or health in accordance with the statutory provisions and liability under the Product Liability Act remain unaffected.
- No liability is accepted for the loss of items that you leave or lose on the test tower site.
